STRIKE REMAINS DEADLOCKED

Railroads and Firemen Not Able to Agree—Judge Knapp's Peace Mission.

New York, Feb. 17 .- A deadlock continues between the representatives of the fifty-four eastern railroads and the committee of the Brotherhood of Locomotive Firemen and Enginemen over the question of a strike. Action by either side, it is understood, will be deferred until the arrival in this city of Judge Martin A. Knapp of the United States court, who has been acting as a mediator. Judge Knapp made a hurried trip to Washington. Much significance is attached to it.

There is an impression that Judge Knapp may have a new solution to propose for the ending of the differences when he returns. When he left for the capital Judge Knapp said he was leaving to attend to important matters pending before the court. The railroad officials and the men believe he was in consultation with some of the Washington officials on the impending strike situation.

Differ on Arbitration.

The committee of the union, which represents 38,000 men, and the officials of the roads are willing to arbitrate, but each insists on a different method. The committee wishes to arbitrate under the Erdman act. which calls for a board of three members, while the railroads are insistent that six men be appointed to hear the grievances

W. S. Carter, the president of the brotherhood, said in his headquarters at the Broadway Central hotel that the men do not wish to strike, but that it looks as if he railroads want one. He declared further that it looks as though they are going to get one unless they back down on the arbitration question. The men oppose the arbitration committee of six proposal because they do not believe it will be a fair arrangement for them.

There is so much at stake both for the men and the railroads and also for the public that on both sides it was admitted that the feeling prevails that some sort of a compromise will be reached that will eliminate the danger of a strike.

A cessation of work by the firemen would virtually paralyze the business of this country this side of the Mississippi and seriously affect that on the other side. It would result in the greatest industrial tie-up in the bistory of the United States.

BOY, FIFTEEN, SHOOTS FATHER

Jersey Youth Stole Parent's Horse and Escaped.

Red Bank, N. J., Feb. 17.-John Grey, forty-five years old, a farmer of Holmdel, was shot and is in a serious condition at his home. County Detective Minugh is searching for Grey's son, Claude, fifteen years old.

The boy is said to have gone away from home some days ago without telling where he was going. He returned, and his father struck him in the face. The boy then drew a revolver, members of the family say, and fired three shots. One of these hit E. Snedeker, of Clinton township, the father in the face, making a seri-were united in marriage at 8:30 ous wound, while another lodged in his

ENDS LIFE WITH RAZOR.

Edwin H. Clark of Philadelphia Found Dead in Home.

Philadelphia, Feb. 17.-Dr. Edwin H. Clark, a chemist and manufacturer, was found dead at his home with his throat gashed and a razor in his hand. Mrs. Clark had been absent from the city for several days, and when Dr. Clark met her at Broad street station he seemed cheerfu'.

Besides being interested in politics and the board of education Dr. Clark was the manufacturer of a proprietary medicine.

CHEAPER EGGS FOR EASTER.

Hens Laying Daily and Chicago Owners of Storage Stocks Lose,

Chicago, Feb. 17.-Cheap eggs are in prospect for Lent and Easter. Hens are laying every day in the west and southwest, and commission men are having difficulty in finding space in which to store consignments.

Prices have been breaking a little every day. There is also a large stock of cold storage eggs left over. Storage eggs which cost 23 cents are offered now at 16 cents.

S. Weir Mitchell Is Eighty-four. Philadelphia, Feb. 17.-Dr. S. Weir Mitchell, neurologist and author of many works of science, celebrated his eighty-fourth birthday at his home He said he was in splendid health. He still practices medicine as well as literary and scientific work.

Amateur Aviator Killed. Leipzig, Feb. 17 .- A telegraph operator of the name of Lenk while attempting a volplane from a height of 2,500 feet was instantly killed when his aeroplane struck the ground.

FOUR GENERATIONS PRESENT AT PLEASANT SURPRISE.

A pleasant surprise was tendered Mrs. Ann Quinney at the home of her daughter, Mrs. W. F. Pierce, Ridge street, on Wednesday, February 12th, to commemorate her 80th birthday. The following persons were present: Mrs. William Holland, Thomas Holland, wife and children, of Maple avenue, Mrs. J. Koehler and son Homer, W. B. Roadknight, wife and son Morris, of Honesdale, Mrs. W. A. Quinney, Hawley; Mrs. H. Bullock and son Bayliss of Dyberry. Four generations, Mrs. Ann Quinney, her oldest daughter, Mrs. W. H. Holland, the latter's son, Thomas, and his two children, Loren and Mildred, were present and all sat down to a sumptuous dinner that was provided for the happy occasion. A very enjoyable time was spent, all wishing that the sainted mother might live to see many more happy birthdays.

THE AGED COUPLE WERE CONTENTED.

ahue, who was standing near, no-ticed them, and realizing, perhaps, that they were strangers in the city, he inquired of their destination. The man, who said he was over 80 years of age, informed the officer that he and his wife were on their way to Buffalo, and Officer Donahue escorted the couple to one of the day coaches of the west-bound train.

A Building in Honesdale By Frances Caufield.

Situated close to the side walk on Honesdale's most important street is a large red brick structure which faces the rising sun. It is extensively ornamented on the front with stone which forms an arched door-way. The upper part of the building is so shaped that in the center is a small porch-like space across the front of which is a stone railing. On one side is a large window, the lower part of this being guarded on ience of the public. The upper half is used as a hall for one of protectory institutions. Very near this building is situated one of Honesdale's largest manufacturing Honesdale's largest manufacturing plants, as well as many other busi-

A House in Town,

By Jennie L. Barnes.

About half way down one of our principal streets stands a large three-story brick house, painted stone gray, with a sloping, almost flat roof, from which project four tall chimneys. In front of the house is a long porch, the roof of which is upheld by many curiously carved columns. The windows which look out upon this extend almost to the floor, and, like the other windows of the building, are protected by dark red blinds. Those of the third story, however, which is very low, are small and nearly round, and under the eaves and in the cornices of the house are the carved designs match that on the columns. At left of the building is a porch similar to the one in front, but smaller, which overlooks a large, smooth lawn, in the center of which a fountain shoots up a silvery stream of water. Near this are several ever-green trees which in the winter brighten up the otherwise rather dull scenery. There is a secluded dull scenery. There is a secluded air to the house, and its apparent age fills the imagination with strange stories of bygone days.
